

Maps of Norway Regions and Counties reflected in the NFI statistics

Figur 1. Kart over regioninndelingen.
Figure 1. Map of the regions.

NUTS Level 2: Map of the former Regions of Norway used to report forest figures for.

Since 21 February 2017 there are now 11 official regions:
https://no.wikipedia.org/wiki/Regioner_i_Norge

NUTS Level 3: Map of the Counties in Norway

https://en.wikipedia.org/wiki/Counties_of_Norway states that Sør-Trøndelag and Nord-Trøndelag have been merged to Trøndelag just recently on 01 January 2018.

Therefore they are still occurring in NFI statistics until data for year 2018 is reported (August 2019)
